Re: Lindsay Light II Site
316 East Illinois Street, Chicago, Illinois

Dear Nancy-Ellen:

As you know, individuals from Kerr-McGee Chemical Corporation ("Kerr-McGee") and Chicago Dock and Canal Trust ("Chicago Dock") are planning to meet with you and your colleagues with regard to the above-captioned site on July 3, 1996, at 11 a.m. We hope that EPA is prepared, if necessary, to meet during the lunch hour so as to enable the Kerr-McGee representatives to make a mid-afternoon flight back to Oklahoma.

You requested that I provide you with a brief indication before the meeting of the subjects that we expect to raise. In addition to various legal issues relating to the Unilateral Administrative Order ("UAO"), we shall want to discuss the following factual matters:

1. Cleanup standards
2. Background measurements
3. Disposal facility
4. Access to streets
5. Schedule

Most of these matters are items we have discussed before.

Nancy-Ellen Zusman, Esq.

July 1, 1996

Page 2

The UAO provides that any comments are to be submitted within 2 business days of the conference, that is by July 8. In light of the holiday, Kerr-McGee and Chicago Dock hereby request that they be allowed to send comments to you by Federal Express on July 9. Please let me know promptly if this schedule is acceptable.

I look forward to seeing you on Wednesday.

Very truly yours,

Richard A. Meserve
